Cc: "Port Health Station - Atlanta (CDC)" <PHS-atlanta@cdc.gov>

Dear Applicant:

CDC has granted you conditional permission to import a dog from a high-risk country for dog rabies.

The permit is good until the expiration date. **No extensions.**

Please print a copy of this email to carry with you during your trip. You must provide this email to US Customs and Border Protection upon arrival in the United States.

This permit is valid to enter the United States at any one of these 18 approved ports of entry: Anchorage (ANC), Atlanta (ATL), Boston (BOS), Chicago (ORD), Dallas (DFW), Detroit (DTW), Honolulu (HNL), Houston (IAH), Los Angeles (LAX), Miami (MIA), Minneapolis (MSP), New York (JFK), Newark (EWR), Philadelphia (PHL), San Francisco (SFO), San Juan (SJU), Seattle (SEA), and Washington DC (IAD).

If you attempt to import your dog through an unapproved port of entry, your dog will be denied entry and returned to the country of departure at your expense.

Dogs that appear unhealthy upon arrival may be required to undergo a veterinary evaluation at your expense to determine entry eligibility.

Please review your permit carefully. You are required to re-vaccinate your dog within 10 days of entering the US.

If you need to request a change to your dog permit, please submit a new application online at www.cdc.gov/DogPermit and mention in the additional comments section that you need to change your permit.

Sincerely,

Zoonoses Prevention and Import Regulations Team
